SILENCE IS DEATH

A pirate radio host is the only one that can prevent a serial killer from slaying his next victim.
But saving one innocent soul means sacrificing another.

STORY

Doc Rock is the host of pirate radio station „Nighthawk". His favorite topic: the Nightslasher - a serial killer that haunts the town. Doc mocks the police: „How hard can it be to prevent the slasher from slaying his next victim?" A bad idea! Just a moment later there's a phone call in the home studio in the cellar of his house…
It's the Nightslasher and he forces Doc Rock into a deadly game: If Doc manages to prevent him from killing the victim during the rest of the radio show he will let her go.

The host has to dig up his innermost secrets, because the killer is closer than he ever imagined and there is no chance to escape.
